Football games 2012 free for pc

The best PC games have become so exciting and so detailed that your loved ones may not see you for a week or three when you dive. They are so vast that not only will you stretch your imagination, but possibly your PC games also challenging you with their gameplay, building their world, and their gorgeous visuals. With all the visual magic provided by Nvidia GeForce RTX 2080 Ti, Super RTX and AMD NAVI LINE, the best PC games can be experienced at a level of detail and resolution that was unheard of just a few years ago. While used to be just a few genres that have been this ground-breaking, you can find amazing titles in almost any genre that will fulfill your gaming desires. **Black Friday Deals: See the best deals right now!** You can take your frezys in co-op PC games, meet a whole new world in the best GMOs or MOBA, or discover a brand new adventure in expansive open-world games, just to name a few. For the best PC games that you can play right now, we've collected our top picks, including the best Steam games, so you can find your next adventure, whatever form it takes, to dive in. **Best new pc game:** Ghostrunner (Image Credit: 505 Games) Ultra-violence and constant movement meet in this post-apocalyptic dystopian game. This FPP is not for fainting heart - it's tense, exhilarating, and you'll probably die over and over trying to beat it. If you ever wanted a game that came in equal parts Doom Eternal and Mirror's Edge, you found it in Ghostrunner. The game is set in Dharm Tower, a kind of last refuge for humanity, where you climb the tower through platforming and the carnage induced katana-induced to take revenge on a ruthless ruler. You do this by slicing up your enemies, dodging bullets, and using a number of unique skills to continue to make your way to the top. This is the kind of game that will leave you breathless just playing it. And if that sounds like your kind of game, then you're going to get treatment. **The Witcher 3: Wild Hunt** might just be one of the best video games of all time. (Image credit: CD Projekt Red) **The Witcher 3: Wild Hunt** is aging like fine wine. Even a few years after it reached the streets, it is still one of the most impressive open world games that has ever existed – mixing the unapologetic scale of Skyrim with the incredible depth of Grand Theft Auto V. It is such a jam-packed game, which is why it claims to be the first place on our list of the best PC games in 2020. Amazing, beautiful and an absolute time sink - in a good way - **The Witcher 3: Wild Hunt** is not just the best PC game of 2020 or among the best open world games on PC. It could just be one of the good video games of all time. Check out our list of the best single player PC2 games. **Dark Souls 3**Dark Souls 3 improves everything you love about the Souls series, mixing it with items found in Bloodborne. (Image Credit: From Software) Although it is undoubtedly not as hard as previous titles in the series, From Dark Souls 3's Software takes everything you like about Souls series and improves on it by mixing with items found in Bloodborne, the developer's latest title for PS4. I'm not going to sweeten it: you're going to die in Dark Souls 3, maybe more than once. It takes patience to master its complex combat system, but also plays fair, making it more approachable for casual players so that they can take part in its bleak, fantastic world. And, on the bright side, it's much more optimized for PC than the first two games. Now that you can pick up Dark Souls: Remastered, and see where the apocalyptic series started, there's never been a better time to tie the first flame. **3. Control**There's nothing more like market control. (Image Credit: Remedy Entertainment/505 Games) It's not hard to see why Control took the gambling world by storm. The creative team at Remedy Entertainment took care to pack this title with plenty of love, paying great attention to complicated details. A deeply cinematic game, this action-adventure gives its players stunning images, inspired environmental design and brilliant performances – not to mention, a deeply satisfying combat experience. Control puts you in Jesse Fadel's capable shoes with fiery hair. You're tasked with looking for the Oldest House, a building in New York that is in a constant state of architectural flow and only appears to those who want to find it, and locate your missing brother, while running the Federal Office of Control as director and overseeing the isolation of paranatural entities. There's nothing quite like control of the market, and it makes one of the best PC games to play right now. **4. Microsoft Flight Simulator** (Image Credit: Xbox Game Studios) Beyond its impeccable graphics and its excellent peripheral support, it won't take long to realize that Microsoft Flight Simulator is a love work. There is great attention to detail here, and a level of realism and immersion you will not find elsewhere. So much so that if you're not a fan of flight simulations, you'll want to start getting on the bandwagon. Although that also means this game won't be for everyone. However, if you are a fanatic sim flying or you like planes and flying, you will relish the chance to fly iconic vehicles in some of the most beautiful still dangerous locations and conditions in the world. Read the full review: Microsoft Flight Simulator **Today's best Microsoft Flight Simulator (2020) deals**Black Friday Sale ends inCheck out more Black Friday Sale deals from these top retailers: **5. Monster Hunter World**Monster Hunter: The world is the PC game of your dreams. (Image credit: Capcom) **Monster Hunter** is one of the biggest gambling franchises you've probably heard not for years now. With **Monster Hunter: World**, the series went into and came to the PC (much to many relief players), and now, it is one of the best PC games you can play so far. **Monster Hunter: The world** puts you in the shoes of a monster hunter, and you hunt bigger and worse monsters, strip them for parts, and larger craft, badder armor. It's a deviously simple game loop that ends up being one of the most compelling and rewarding PC games you can play right now. There is an incessant attack of content in this game, and Capcom, the developers of this hit hunting monster, is committed to bringing a multitude of free DLC to the game – as well as a new frosty expansion in **Monster Hunter World: Iceborne**. If you're looking for an exciting, exciting and most importantly fun game to play on your own or with all your closest friends in cooperation, **Monster Hunter: World** is the PC game of your dreams. There is no doubt that it is one of the best pc games you can buy today. These are the best PC co-op games of 2020. **Death Stranding** (Image Credit: 505 Games) If the name Norman Reedus is what caught your attention when someone mentioned **Death Stranding**, well, then you're in for a treat. However, this game is getting a lot of attention for more than the big names attached to it, which incidentally include Mads Mikkelsen and Léa Seydoux. As a porter Sam Bridges, you bravely cross an apocalyptic United States to deliver valuable cargo, sailing into territories invaded by terrorists, bandits and these invisible creatures called **Beached Things**. This award-winning action game is a treat for all senses, too, thanks to its great story, which can be reminiscent of the current pandemic, good gameplay, fun quests, and impressive and visual sound. **7. Red Dead Redemption 2**Red Dead Redemption 2 is an immersive western. (Image credit: Rockstar Games) The newest version from Rockstar Games was an instant hit at launch. **Red Dead Redemption 2** is an engrossing western that follows Arthur Morgan and his gang as they try to survive a fictional Wild West as outlaws on the run. However, the game is much more than that. Whether it's getting lost in the story, following through every search part to its conclusion, or just sticking with your horse, **RDR2** is one of those games where you can easily dive 50+ hours in and still have something to do. The gameplay is stellar and the graphics are superb. You can even run the game in 8K if you have the hardware. Definitely give this a look if you haven't already. **Today's Best Red Dead Redemption 2 Deals**Black Friday Sale ends inCheck out more Black Friday Sale deals from these top retailers: **8. Doom: Eternal**Doom: Eternal is a hell of a walk. (Image credit: Bethesda Softworks) **Doom: Eternal** takes everything from the remastered doom of 2016 and turns up to 11. The game is intense, visual and sonic overwhelming, and is exactly what you would expect a fever-inspired dream **Doom** would feel like. Gameplay is a seamless first-person shooter where you trek to hell to fight an assortment of endless demons and reclaim an earth overtaking. Refilling your health sometimes quite literally tearing monsters apart, and there is some need to be creative with your gun depends on the demon you're facing. However, this game is all about creating chaos and rushing into battle as loud and as naughty as possible. Not only is **It Doom: Eternal** a Hell of a Walk (the pun intended). It is also a superb looking game that takes advantage of the latest hardware. And, it's a 2v1 multiplayer mode where a player takes control of the hunt and faces off against two more player-controlled demons. **The best Bethesda Doom Eternal Deals**Black Friday Sale deals ends inCheck out more Black Friday Sale deals from these top retailers: **9. Half-Life: Alyx**Valve honored us with what can be the most compelling reason to get a VR headset with **Half-Life: Alyx**. (Image credit: Valve) No game was so anticipated for as long or as long as **Half-Life 3**. So as players will have to wait a little longer for it, Valve honored us with what may be the most compelling reason to get a VR headset with **Half-Life: Alyx**. **Half-Life: Alyx** is set 5 years before **Half-Life 2**. What begins as a rescue mission for the protagonist's father evolves in an attempt to steal a superweapon from the alien masters. From interactive puzzles, well thought out fight and fantastic story, this prequel is a welcome dive back into the half-life world that has been universally praised for its quality. If you're looking for an excuse to get into VR games, this could be the one for you. **Half-Life: Alyx's** attention to detail shows what to do with VR when taken seriously. **10. Horizon Zero Dawn** (Credit Picture: Guerrilla)When **Horizon Zero Dawn** arrived on Playstation 4 in 2017, it was instantly hailed as one of the best games of the year. And with its recent release on PC, **Guerrilla Games** has brought this amazing game to a whole new audience. Even though the game has been technically out for a few years, it is still absolutely superb and can now take advantage of higher end PC platforms for higher resolution and frame rates. The game follows **Alloy** in a post-apocalyptic world where it has to fight robot dinosaurs and human cults while digging up a story that is as intriguing and complex as it is beautiful. While a game in the open world with a protagonist using a bow and arrow might be a little too reminiscent of **Tomb Raider**, **Horizon Zero Dawn** quickly leaves comparisons behind for a unique and immersive experience. **11. Forza Horizon 4**Forza Horizon 4 brings racing to the UK. (Image credit: Microsoft) Microsoft racing series is just getting better with each release, and in many ways this spin-off has surpassed the **forza Motorsport** main line as the best racing games on your PC today. They are definitely more fun, adding a dash of arcade fun to the strikingly recreated cars Racing tracks we have come to expect from **Forza**. **Forza Horizon 4** is easily one of the best PC games you can buy today, and this entry brings racing to the UK after exploring America, France, Italy and Australia in the last three tranches of the franchise. Now you can break through charming charming Seaside towns and the city of Edinburgh through several miles of country roads and dirt trails in between. It's fast, frenetic and a lot of fun. You can purchase **Forza Horizon 4** through the Microsoft Store. It's also available as part of Xbox Game Pass for PC, or you can buy the Xbox One version and get a download code for your PC using the Xbox Anywhere feature. **Best Forza Horizon Deals 4 Today**Black Friday Sale Ends inCheck More Black Friday Sale Deals from these top retailers: **12. Thimbleweed Park**Thimbleweed Park combines the best old-school PC game design with modern technology. (Image credit: Terrible Toybox) Fans of classic point and click games, such as **Monkey Island** and **Tentacle Day**, which are some of the best PC games ever made, should add **Thimbleweed Park** to their must-play list. Made by Ron Gilbert and Gary Winnick, two of the people behind PC classics **Monkey Island** and **Maniac Mansion**, **Thimbleweed Park** plays as a love letter to classic point-and-click adventure games. From the splendid retro artwork, fun dialogue and stunning puzzles, **Thimbleweed Park** deserves its place on our list of the best PC games, merging the best old design of school PC games with modern technology. **13. Akira: Shadows Die Twice****Skiro: Shadows Die Twice** is an extremely difficult game to master. (Image Credit: From Software) From Software is a household name when it comes to designing the best pc games. The minds behind the critically praised **Dark Souls** series have transported PC gamers to some of the most abandoned landscapes and through some of the most challenging yet rewarding gameplay. From **The Software** is back to it once more, with **Akira: Shadows Die Twice**. **Setiro** places you in the shoes of Young Wolf, a shirobi tasked with saving his young master. The game will take you through 16th century Japan, but things will be strange and supernatural: this is from the Software we are talking about. Don't expect an easy time for it, however. **Akira: Shadows Die Twice** is an extremely difficult game to master, and you will need quick reflexes to deflect enemy attacks as well as to master stealth. You won't be able to hide behind a shield all day, so you've been able to in **Dark Souls III**. **Read: Is MMORPG Endangered?** **14. Minecraft****Minecraft** lets you build your own worlds using the resources you find in the wild. (Image credit: Microsoft) The expression build, and they will come more true rings than ever with **Minecraft**, the sand-based survival rpg that has now been bought more than 100 million times since its launch in 2009. In it, you can build your own worlds using the resources you find in or discover existing ones created by other online players. In **Minecraft**, you can either limit yourself to the many tools and blocks offered by the developer, **Mojang**, or you can install ways to really capitalize on your investment. Moreover, sometime in 2020, you will be able to participate in the **Super Duper Graphics Pack**, an optional piece of DLC that More realistic lighting effects and textures to an already amazing game. **15. Sid Meier's Civilization VICE** **Sid Meier's Civilization VI** has to offer its massive scope. (Image Credit: 2K Games) **Sid Meier's Civilization VI** is the latest installment in the iconic turn-based strategy game, and is undoubtedly among the best PC games you can play so far. One of the things that makes your PC the best platform for gaming on is the large width of different game genres on offer. And, what **Civilization VI** has to offer is its massive scope, despite the fact that it might seem slower paced next to the likes of **Fortnite**. **Spread the empire on the map and crush your enemies. You build your empire from a simple settlement to a world power, and you can decide to do so through military power, technological supremacy or cultural influence. Since its launch in 2016, it has had two expansion packages that really cement this game as an epic entry into our list of best PC games. Civilization VI: Rise and Fall** was released in February 2018 with **Civilization VI: Gathering Storm** in February 2019. **16. Fortnite Battle Royale****Fortnite Battle Royale** is actually a game mode for the game **Fortnite**. (Image credit: Epic Games) Still among the biggest games in the world a few years after its release, **Fortnite Battle Royale** is a natural sho-in for this list. After all, it is a global phenomenon and among the best pc games to play right now if you like super-competitive online games. This is a game people keep coming back to, and that is mostly because of its addictive gameplay and regular updates from **Epic**. **Fortnite Battle Royale** is actually a game mode for the game **Fortnite**, but this mode has become so popular, many people consider it a separate game in itself. As with other **Battle Royale** games, **The goal of Fortnite Battle Royale** is to fight your way through a ever-smaller map until you're the last player standing. While this might sound quite simple, there is a lot of depth to this game once you start playing. **Gabe Carey** and **Bill Thomas** also contributed to this article
